## DIVISION OF PUBLIC SAFETY

DATE: December 5, 2007  
TO: Janet Sheehan, Purchasing Director  
FROM: John Wilson, Director 

---

Would you please prepare a bid waiver bluesheet for the Board. The bid waiver will be for Turbomeca Engine Corporation (TEC) for the purchase of aircraft parts and services. TEC is the sole source in North America for helicopter parts for one of our EMS helicopter's engines.

Many helicopter engine parts that we purchase are high dollar items that can easily exceed \$50,000.00 or more. The bid waiver will allow EMS to purchase necessary repair parts and services for our helicopter's engines. We estimate our annual expenditures with TEC for parts and services to our helicopter's engines to not exceed \$300,000.00.

---

We would like an open-ended bid waiver that will stay in effect as long as we are operating TEC engines.

Expenditures will be from account string KF5260100100.504635.71.

BUDGET NARRATIVE: Fund: General Fund; Program: EMS Air Ops

Thank you.

JW/cb
