

GOAL 22: BOCA GRANDE: The Boca Grande Community Plan seeks to preserve and conserve the surrounding fragile environment, recreation and open space areas, the Historic District, the quality of life and the continued enjoyment of its natural and cultural gifts. The plan seeks consistent enforcement of all current and future regulations with respect to zoning, traffic, parking, law enforcement, public utilities, the Gasparilla Island Conservation District Act and the Boca Grande Historic District. (Added by Ordinance No.05-19)

OBJECTIVE 22.1: FUTURE LAND USE. To preserve the traditional character, scale, and tranquility of the historic village and residential areas of the Boca Grande community by continuing to limit the densities and intensities of use and development to sustainable levels that will not adversely impact the natural environment, overburden the existing infrastructure, or require additions to the present infrastructure.

Lee County will continue to enforce the regulations found in the Gasparilla Island Conservation District Act, and will assist the residents of Boca Grande to further develop growth management policies and regulations to limit densities and intensities of development on Gasparilla Island, in order to maintain the historic scale and development patterns of the community. (Added by Ordinance No. 05-19)

POLICY 22.1.1: Lee County will work with the Boca Grande community to establish boating and marine facility site location standards which will help to identify appropriate locations and development regulations that are consistent with a scope and intensity that will protect the community from the potential negative impacts. Future public boat ramps and other watercraft launching facilities on Gasparilla Island will only be developed with adequate on-site parking, and should minimize impacts to traffic and pedestrian safety, the environment, neighborhoods, and consider marine safety issues. (Added by Ordinance No. 05-19)

POLICY 22.1.2: In order to preserve the existing community character of Boca Grande, the Boca Grande community will work to develop standards to regulate all commercial uses on Gasparilla Island. Development standards will identify commercial design guidelines, parking and signage standards, appropriate intensity of uses and establish location standards to ensure consistency with the existing community character. (Added by Ordinance No. 05-19)

POLICY 22.1.3: The Boca Grande community will work to develop regulations within two years of the adoption of this Policy, to better manage rental and tour businesses which have an impact on the neighborhoods and environment of the community. These regulations will address issues such as the number and location of operators, safety, privacy, security, liability insurance, parking facilities, property maintenance, storm water management, and compatibility. (Added by Ordinance No. 05-19)

POLICY 22.1.4: Lee County will work with the Boca Grande community to establish a Document Clearing House in Boca Grande, where copies of selected documents from permit applications, variance requests, staff reports, Hearing Examiner recommendations and resolutions, Historic District Special Certificates of Appropriateness, and Administrative Variances and for any development on Gasparilla Island will be kept for public inspection. The County's failure to provide or to timely provide documents to the Document Clearing House, or failure of the Document Clearing house to receive

documents, will not constitute a defect in notice or bar a public hearing from occurring as scheduled. (Added by Ordinance No. 05-19)

POLICY 22.1.5: The owner or agent for any rezoning, variance or special exception request must conduct one public informational meeting in Boca Grande where the owner or agent will provide a general overview of the project for any interested citizens. The applicant is fully responsible for providing the meeting space and providing security measures as needed.

Lee County encourages zoning staff to participate in such public informational meetings. This meeting must be conducted before the application can be found sufficient. Subsequent to this meeting, the applicant must provide county staff with a meeting summary document that contains the following information: the date, time, and location of the meeting; a list of attendees; a summary of the concerns or issues that were raised at the meeting; and a proposal for how the applicant will respond to any issues that were raised. New development or redevelopment will recognize that traditional setbacks, particularly front and side yard setbacks, as well as strict adherence to the Coastal Construction Control Line, within existing and proposed neighborhoods on Gasparilla Island, should be maintained. (Added by Ordinance No. 05-19)

POLICY 22.1.8: Lawfully existing businesses and commercial buildings in the Boca Grande commercial areas will be deemed to be vested as related to parking, setbacks, height, and land use. Any expansion or change of use to one of higher intensity will require a review of parking impacts, setbacks, height, and uses as necessary. (Added by Ordinance No. 05-19)

POLICY 22.1.9: Lee County will support the Boca Grande community in their efforts to further investigate the need for modified development regulations applicable to Boca Grande, based upon the unique nature of the community, the location of Boca Grande on a barrier island at the mouth of Charlotte Harbor, the limited opportunities for supporting infrastructure, the seasonal nature of the demand upon public facilities, and the need for cross-county administration of growth management legislation. Lee County will recognize the inherent need to limit additional impacts to the existing transportation infrastructure of Boca Grande, the varied types and limited access to the community, the need for alternate forms of transportation within the community, the need for specialized standards for parking and commercial service areas, and the seasonal nature of infrastructure demand that exists throughout the community.
